## Updated checklist of Chinese Umbelliferae: nomenclature, synonymy, typification, distribution. Supplementum

M. G. Pimenov

*Botanical Garden, Lomonosov Moscow State University, Vorobjevy Gory, Moscow, 117234, Russia. E-mail: mgpimenov@mail.ru*

**Keywords:** Apiaceae, carrot family, China, East Asia, endemic species, lectotypification, new combinations and synonyms, phytogeography, systematics, taxonomy.

**Summary.** In recently published taxonomic and floristic checklist of Chinese Umbelliferae (Pimenov, 2017, *Turczaninowia* 20, 2: 106–239) 13 pages in the beginning of species conspectus were omitted, according to technical reasons. These pages contain in particular the genera *Acronema* (partly) and *Angelica* (partly), essential for Chinese flora. Present publication covers this annoying omission.

## Обновленный конспект зонтичных (Umbelliferae) Китая: номенклатура, синонимия, типификация, распространение. Дополнение

М. Г. Пименов

*Ботанический сад Московского государственного университета им. М. В. Ломоносова,  
Воробьевы Горы, г. Москва, 117234, Россия*

**Ключевые слова:** Восточная Азия, зонтичные, Китай, лектотипификация, синонимия, систематика, таксономия, фитогеография, эндемичные виды, Apiaceae.

**Аннотация.** В недавно опубликованном таксономическом и флористическом обзоре зонтичных Китая (Pimenov, 2017, *Turczaninowia* 20, 2: 106–239) по техническим причинам выпали 13 страниц текста в начале конспекта видов. В частности, на этих страницах находится материал по важным для китайской флоры родам *Acronema* (частично) и *Angelica* (частично). Настоящая публикация закрывает этот досадный пробел.

***Acronema astrantiiifolium*** H. Wolff, 1929, Repert. Spec. Nov. Regni Veg. 27: 192.

≡ *Pimpinella astrantiiifolia* (H. Wolff) M. Hiroe, 1979, Umbelliferae World: 831.

**Type:** CHINA. “Yunnan: in pratis alpinis saxosis infra 3500–4200 m s. m. prope Likiang, 02 IX 1914 Schneider 3355” (lectotype GH! (barcode GH00073772), designated here; isolectotype K! (barcode K000075383)).

**Distribution in China:** SW: Sichuan, Yunnan. Endemic.

***Acronema brevipedicellatum*** Pan Zehui et M. F. Watson, 2004, Acta Phytotax. Sin. 42(6): 562.

**Type:** CHINA. “Yunnan, Lijiang, Mt. Yulong Shan, alt. 3300 m, 28 IX 1984, Pan Zehui et al. 84–186” (holotype NAS).

— *Acronema radiatum* auct. non H. Wolff: Liou Shoulu et Shan Renhwa, 1980, Acta Phytotax. Sin. 18(2): 201.

**Distribution in China:** Tibet: Xizang A. R.; SW: Yunnan. Endemic.

***Acronema chinense*** H. Wolff, 1926, Acta Horti Gothob. 7: 309.

≡ *Pimpinella chinensis* (H. Wolff) M. Hiroe, 1979, Umbelliferae World: 831, “chinense”.

**Type:** CHINA. “Sze-ch'uan bor.: San-ch'a-tzü,

an feuchten Kalkfelsen, 4200–4400 m. Ad rupes calcareas, 10 VIII 1922, H. Smith 3187” (syntypes S!, UPS!); “Sze-ch'uan bor.: San-ch'a-tzü, 4100 m. In prato aprico, herboso, 10 VIII 1922, H. Smith 3438” (syntypes PE!, UPS!); “Prov. Sze-ch'uan, reg. bor.: Dongrergo, supra Huang-lung-ssu, 4000–4150 m. In prato herboso, lapidoso, 22 VII 1922, H. Smith 3238” (lectotype UPS!, designated here; isolectotypes BM! (barcode BM000813423); GB! (barcode GB0048795); LD! (barcode LD1027158); W! (barcode W1926-0019604)).

**Distribution in China:** NW: Gansu; Tibet: Xizang A. R., Qinghai; SW: Sichuan, Yunnan. Endemic.

*Acronema chinense* H. Wolff var. *humile* Liou Shoulu et Shan Renhwa, 1980, Acta Phytotax. Sin. 18(2): 200.

**Type:** CHINA. “Qinghai, Zhido, L. W. Chou, 428” (holotype HNWP).

**Distribution in China:** Tibet: Qinghai. Endemic.

*Acronema commutatum* H. Wolff, 1929, Repert. Spec. Nov. Regni Veg. 27: 192.

≡ *Pimpinella commutata* (H. Wolff) M. Hiroe, 1979, Umbelliferae World: 831.

**Type:** CHINA. “Yunnan, shady damp situations in mixed forest on the eastern flank of Lichiang Range. Lat. 27°20' N; alt. 9–10000', 08.1905, Forrest 2852” (lectotype E!, designated here; isolectotypes BM! (barcode BM000944759); K!).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan, Yunnan. Endemic.

*Acronema crassifolium* Wang Huanchong, Zhou Xinmao, Sun Hang et Wang Yuehua, 2013, Phytotaxa 87: 40.

**Type:** CHINA. “Yunnan Province: Luquan County, Jiaozishan Mountains, on alpine meadow, elev. 3800 m a. s. l., 31 X 1964, Zhu, Wu 2802” (holotype HYU; isotype HYU).

**Distribution in China:** SW: Yunnan. Endemic.

*Acronema edosmioides* (H. Boissieu) Pimenov et Kljuykov, 1999, Feddes Repert. 110(7–8): 481.

≡ *Pimpinella edosmioides* H. Boissieu, 1909, Bull. Soc. Bot. France 56: 352.

**Type:** CHINA. “Chine, province du Yun-nan, Delavay” (lectotype P! (barcode P00753109), designated here; isolectotype P! (barcode P00753110)).

= *Acronema schneideri* H. Wolff, 1930, Repert. Spec. Nov. Regni Veg. 27: 301.

= *Pimpinella schneideri* (H. Wolff) M. Hiroe, 1979, Umbelliferae World: 832.

**Type:** CHINA. “Yunnan: Lichiang, c. 3600 m, in decliv. herbosis saxosis infra glaciem magnam, 23 VIII 1914, Schneider 3600” (holotype G! (barcode G00359329); isotype K?).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan, Yunnan. Endemic.

*Acronema forrestii* H. Wolff, 1930, Repert. Spec. Nov. Regni Veg. 27: 316.

≡ *Pimpinella forrestii* (H. Wolff) M. Hiroe, 1979, Umbelliferae World: 831.

**Type:** CHINA. “Yunnan, Forrest 6667” (lectotype E, designated here; isolectotype K! (barcode K000075382)).

**Distribution in China:** SW: Sichuan, Yunnan. Endemic.

*Acronema gracile* Liou Shoulu et Shan Renhwa, 1980, Acta Phytotax. Sin. 18(2): 202, tab. 6.

**Type:** CHINA. “Xizang, Gyirong, Qinghai-Xizang Exped. 5321” (holotype PE).

**Distribution in China:** Tibet: Xizang A. R. Endemic.

*Acronema graminifolium* (W. W. Sm.) Liou Shoulu et Shan Renhwa, 1980, Acta Phytotax. Sin. 18(2): 197.

≡ *Pimpinella hookeri* C. B. Clarke var. *graminifolia* W. W. Sm., 1911, Rec. Bot. Surv. India 4(5): 200.

≡ *Acronema hookeri* (C. B. Clarke) H. Wolff var. *graminifolium* (W. W. Sm.) H. Wolff, 1927, in Engler, Pflanzenreich 90(IV, 228): 323.

**Type:** CHINA. “Chumbu valley: Bhootan Himalaya, Punkabeesemoo, 26 VII 1884, Dungboo 247” (lectotype K! (barcode K0006957350), designated by Watson, 1998: 370).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan.

**Distribution outside China:** Bhutan, India.

*Acronema handelii* H. Wolff, 1927, in Engler, Pflanzenreich 90(IV, 228): 322.

≡ *Pimpinella handelii* (H. Wolff) M. Hiroe, 1979, Umbelliferae World: 831.

**Type:** CHINA. “Prov. Yunnan bor.-occid.: Inter vicos Bodo (Peti) et Alo, ad austro-orient. pagi Dschungdien (Chungtien), in regione frigide temper., 08 VIII 1914, Handel-Mazzetti 4588” (lectotype E, designated by M. F. Farille in E as “type” (Watson, 1988: 370); isolectotypes E! (barcode E00000962);

US; W (barcode W1940-0014471); WU! (barcode WU0025942)).

**Distribution in China:** SW: Yunnan.

**Distribution outside China:** Myanmar, Nepal, India.

*Acronema hookeri* (C. B. Clarke) H. Wolff, 1927, in Engler, Pflanzenreich 90(IV, 228): 323.

≡ *Pimpinella hookeri* C. B. Clarke, 1879, in Hooker, Fl. Brit. India 2: 686.

≡ *Carum hookeri* (C. B. Clarke) Franch., 1894, Bull. Annuel Soc. Philom. Paris (sér. 8) 6: 122.

**Type:** INDIA. “Sikkim, [northern valleys], Lachen, 11000', 31 VII 1849, Hooker” (lectotype K! (barcode K000685474), designated by Watson, 1998: 370; photo E! [E00265220], G! (barcode G00359328); GH, MH!, NY); “Sikkim, alt. 8–11000 ped., Sarding, 21 VII 1849, Hooker 2 Acronema” (syntypes K!, P! (barcode P025443264), S!).

**Distribution in China:** Tibet: Xizang A. R.; SW: Yunnan.

**Distribution outside China:** Bhutan, Nepal, India.

*Acronema johrianum* Babu, 1973, Brittonia 25(2): 159, fig. 1.

**Type:** NEPAL. “Ghopte, Gossainthan, 4290 m, open place, 09 IX 1965, Shrestha, Sakya 3740” (holotype CAL).

**Distribution in China:** Tibet: Xizang A. R.

**Distribution outside China:** Nepal.

*Acronema muscicola* (Hand.-Mazz.) Hand.-Mazz., 1933, Symb. Sin. 7(3): 715, “*muscicolum*”.

≡ *Pimpinella muscicola* Hand.-Mazz., 1925, Anz. Akad. Wiss. Wien, Math.-Maturwiss. Kl. 62: 226.

**Type:** CHINA. “Prov. Yunnan bor.-occid.: Inter pagum Dschungdien (“Chungtien”) et vicum Djitsung, in regionis frigide temperatae abietetis jugi Ngukala, ad rupes muscis lectas, 25 VIII 1915, Handel-Mazzetti 7807” (lectotype WU!, designated here; isolectotypes E! (barcode E00000531), K! (barcode K000075380); US).

**Distribution in China:** Tibet: Xizang A.R.; SW: Sichuan, Yunnan.

**Distribution outside Chima:** Nepal, India.

*Acronema nervosum* H. Wolff, 1930, Repert. Spec. Nov. Regni Veg. 27: 315.

**Type:** INDIA. “Sikkim, Changu, 2000', 10 VII 1910, W. W. Smith 3361” (lectotype K! (barcode K000695727), designated by Watson, 1998: 371;

photo E! (barcode E00265219)).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan.

**Distribution outside China:** Bhutan, Nepal, India.

*Acronema paniculatum* (Franch.) H. Wolff, 1927, in Engler, Pflanzenreich 90(IV, 228): 323.

≡ *Carum paniculatum* Franch., 1894, Bull. Annuel Soc. Philom. Paris (sér. 8) 6: 122.

≡ *Pimpinella paniculata* (Franch.) M. Hiroe, 1979, Umbelliferae World: 832.

**Type:** CHINA. “Yun-nan, ad cacumina montis Che-tcho-tze, supra Tapin-Tze [Sommet du Mt. Chetchotze au-dessus de Ta-pin tze], 10.10.1892, Delavay 487” (lectotype P! (barcode P00245406), designated in P by M. A. Farille; isolectotypes P! (barcodes P00834648, P00245407)).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan, Yunnan.

**Distribution outside China:** Bhutan, Nepal.

*Acronema pseudotenerum* P. K. Mukh., 1978, in Cauwet-Marc et Carbonier, Ombell. Contr. Pluridisc. Syst.: 52., “*pseudotenera*”.

**Type:** INDIA. “Sikkim: Momay Sandong (Lachung), 16500 ft., 18 IX 1892, Gammie 916” (holotype CAL).

**Distribution in China:** Tibet: Xizang A. R.

**Distribution outside China:** India.

*Acronema sichuanense* Liou Shoulu et Shan Renhwa, 1980, Acta Phytotax. Sin. 18(2): 199.

**Type:** CHINA. “Sichuan: Zhusijia, P. H. Li 10551” (holotype NAS).

**Distribution in China:** NW; Tibet: Qinghai; SW: Sichuan, Yunnan.

**Distribution outside China:** Bhutan, Nepal, India.

*Acronema tenerum* (DC.) Edgew., 1846, Trans. Linn. Soc. London 20(1): 51.

≡ *Helosciadium tenerum* DC., 1830, Prodr. 4: 105.

≡ *Pimpinella tenera* (DC.) C. B. Clarke, 1879, in Hooker, Fl. Brit. India 2: 686.

≡ *Carum tenerum* (DC.) Franch., 1894, Bull. Annuel Soc. Philom. Paris (sér. 8) 6: 122.

**Type:** NEPAL. “In Nepaliae monte alto Sheopore, IX 1821, Wallich [593]” (lectotype G-DC!, designated by Watson, 1998: 371; isolectotypes CAL, K!, K-WALLICH! (barcode K000685499), LIV).

= *Pimpinella tenera* (DC.) C. B. Clarke var. *dissecta* C. B. Clarke, 1879, in Hooker, Fl. Brit. India 2: 686.

= *Acronema tenerum* (DC.) Edgew. var. *dissectum* (C. B. Clarke) H. Wolff, 1927, in Engler, Pflanzenreich 90(IV, 228): 321.

**Type:** INDIA. “Sikkim, 8–10000', Hooker and Thomson” (syntype K); P (barcode P02519868); “Singaleleh, Darjeeling, Clarke 554” (syntype K); “Kumaun, Saba, Ralam-valley, Duthie 2950” (syntype K).

= *Acronema ionistyles* Farille et Lachard, 2002, Acta Bot. Gallica 149(4): 375, fig. 3.

**Type:** INDIA. “NW India, Garhwald, 5000–6000 feet, 02 IX 1885, Duthie 4058” (holotype BM!).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan, Yunnan.

**Distribution outside China:** Thailand, Bhutan, Nepal, India.

*Acronema xizangense* Liou Shoulu et Shan Renhwa, 1980, Acta Phytotax. Sin. 18(2): 202, tab. 5.

**Type:** CHINA. “Xizang, Mainling, Qinghai-Xizang Exped. 3394” (holotype PE).

**Distribution in China:** Tibet: Xizang A. R.; SW: Sichuan. Endemic.

*Acronema yadongense* Liou Shoulu, 1990, Acta Phytotax. Sin. 28(2): 147, tab. 2.

**Type:** CHINA. “Xizang, Yadong, alt. 3700 m, 1974, Qinghai-Xizang Exped. 74–2532” (holotype KUN!; isotype PE?).

**Distribution in China:** Tibet: Xizang A. R. Endemic.

*Aegopodium alpestre* Ledeb., 1829, Fl. Altaic. 1: 354.

= *Carum alpestre* (Ledeb.) Koso-Pol., 1916, Bull. Soc. Imp. Naturalistes Moscou, s. n. 29: 199.

**Type:** RUSSIA. “[Altai] Tscharysch, Ledebour 414 (268/742/918) (lectotype LE!, designated by Vinogradova, 2005: 958; isolectotypes C?, P! (barcodes P02518728, P02518744)); “circa fontes fl. Belaja Uba et Tscharysch, VII 1826, Meyer [et Ledebour]” (syntype LE!). KAZAKHSTAN. “In subumbrosis alpestribus v. gr. in latere boreali montis crucis prope Riddersk” (syntype LE?).

= *Aegopodium alpestre* Ledeb. f. *tenerum* H. Hara, 1936, Bot. Mag. (Tokyo) 50: 365.

**Type:** JAPAN. “Hokkaido, Southern Hidaka, Mt. Apoi, Mt. Horoman, Saruru, etc., 831” (syntypes TI!).

= *Aegopodium alpestre* Ledeb. f. *scabrum* Kitag., 1939, Rep. Inst. Sci. Res. Manch. 3(1): 332.

**Type:** CHINA. “Manshuria, prov. Chi-lin: in sylvis montium prope stationem Wei-hu-ling, 02 IX 1936, Kitagawa” (holotype TI!).

= *Aegopodium alpestre* Ledeb. f. *tenuiseptum* Kitag., 1939, Rep. Inst. Sci. Res. Manch. 3(1): 332.

**Type:** CHINA. “Manshuria, prov. An-tung: In sylvis montium Niang-niang-shan prope Kuan-tien, 10 VI 1938, Kitagawa” (holotype TI!).

= *Aegopodium alpestre* Ledeb. var. *daucifolium* Gorovoj, 1966, Umbell. Prim. Priam.: 90, fig. 51.

**Type:** RUSSIA. “Prov. Amur, distr. Skovorodino, Lapri, 03 VIII 1964, Gorovoj et Voroschilov” (holotype MHA?)

= *Aegopodium alpestre* Ledeb. var. *latifolium* Popov, 1955, in Popov et Busik, Konsp. Fl. Pober. Ozera Baical: 213.

**Type:** RUSSIA. “Buryatia, lacus Baikal, sinus Czivyrkujskij, Zmeinaja. N53°43', E109°6'51”, 30 VI 1955. Popov” (holotype NSK! (barcode NSK0000238)).

– *Aegopodium henryi* auct. non Diels: Gorovoj, 1966, Umbell. Prim. Priam.: 91, fig. 52, 53.

**Distribution in China:** NW: Gansu; Tibet: Xizang A. R.; N: Neimenggu A. R., Shanxi; Centr.: Hubei; NE: Heilongjiang, Jilin, Liaoning.

**Distribution outside China:** Russia, Japan, Korea, Mongolia, Kazakhstan.

*Aegopodium henryi* Diels, 1900, Bot. Jahrb. Syst. 29(3–4): 497.

**Type:** CHINA. “Central China, Pat'ung, Henry 4946” (holotype B-destr.?; photo LE).

= *Aegopodium handelii* H. Wolff ex Hand.-Mazz., 1933, Symb. Sin. 7(3): 717.

**Type:** CHINA. “Prov. Hunan: prope urbem Wukang, in silva frondosa elata umbrosa montis Yunschan, 850–1150 m, 07 VIII 1917, Handel-Mazzetti 11146” (lectotype WU! (barcode WU0025977), designated here; isolectotype W! (barcode W-1940-0014476)).

**Distribution in China:** NW: Gansu; N: Shaanxi, Hebei; Centr.: Henan, Anhui, Hubei, Hunan, Jiangxi, Zhejiang; SW: Sichuan, Guizhou; S: Guangxi Zhuang A. R.

**Distribution outside China:** Myanmar.

*Aegopodium kashmiricum* (R. R. Stewart ex Dunn) Pimenov, 1992, Byull. Moskovsk. Obsč. Isp. Prir. Otd. Biol. 97(4): 114.

≡ *Pimpinella kashmirica* R. R. Stewart ex Dunn, 1924, Bull. Misc. Inform. Kew: 384.

**Type:** INDIA. “NW India, Sonamarg, at 3–4000 m, VII 1921, Stewart 6267” (lectotype K! (barcode K000685615), designated here).

— *Aegopodium alpestre* auct. non Ledeb.: O. et B. Fedtsch. 1911, Beih. Bot. Centralbl. 28(2): 30, p. p.

— *Aegopodium tadshikorum* auct. non Schischk.: V. M. Vinogr., 1988, Novosti Sist. Vyssh. Rast. 25: 121, p. p.

**Distribution in China:** NW: Xinjiang Weiwuer A. R.

**Distribution outside China:** India, Pakistan, Kazakhstan, Kirghizia, Uzbekistan.

*Aegopodium tadshikorum* Schischk., 1950, in Schischkin, Fl. URSS 16: 600, 456.

**Type:** TAJIKISTAN. “Asia Media, Baldzhuan, in faucibus fl. Jach-su, 04 VII 1897, Lipsky” (holotype LE!).

— *Aegopodium podagraria* auct. non L.: O. et B. Fedtsch., 1909, Consp. Fl. Turkest. 3: 81.

— *Aegopodium latifolium* auct. non Turcz.: Liou Shoulu, 1985, in Fl. Reipubl. Popularis Sin. 55, 2: 140, tab. 56, fig. 4.

**Distribution in China:** NW: Xinjiang Weiwuer A. R.

**Distribution outside China:** Kazakhstan, Kirghizia, Tajikistan, Uzbekistan.

*Angelica acutiloba* (Siebold et Zucc.) Kitag., 1937, Bot. Mag. (Tokyo) 51: 658.

≡ *Apium ternatum* Siebold, 1830, Verh. Batav. Gen 12: 46, nom. illeg., non Willd. (1820).

≡ *Ligusticum acutilobum* Siebold et Zucc., 1843, Abh. Akad. Muench. 4(3): 203.

**Type:** JAPAN. “Japan, s.n.”

= *Sium triternatum* Miq., 1867, Ann. Mus. Bot. Lugd.-Bat. 3: 57.

**Type:** JAPAN. “Sponte crescere et cultum peribet ... sine loci adnotatione, Siebold” (holotype L?).

**Distribution in China:** NE: Jilin, Liaoning.

**Distribution outside China:** Japan, Korea.

*Angelica angelicifolia* (Franch.) Kljuykov, 1999, Bot. Zhurn. (St. Petersburg) 84(3): 482, fig. 1A, B.

≡ *Ligusticum angelicifolium* Franch., 1894, Bull. Annuel Soc. Philom. Paris (sér. 8) 6: 133.
